

Key Features

- Filters for Extreme tiR 3500, 5000, and 8000
- Easy to replace
- WhisperKOOL recommends replacing the unit's filter every three months

Features

These easy-to-install filters are used with the Extreme 3500, 5000, and 8000 tiR systems. WhisperKOOL recommends replacing your filters at least once every three months to ensure system longevity, better air quality, and more efficient cooling.
